

Brittney Barreras
Fmr. State Representative
District 12

“ She is open minded while staying true to her values. I respect that Cherise listens to all sides of an issue before making a decision.

“I am proud to endorse my friend, Cherise Quezada. Serving in the New Mexico State Legislature was an amazing, eye-opening experience that I will always be grateful for. I support Cherise because she understands the important role of a Representative. She is open minded while staying true to her values. I respect that Cherise listens to all sides of an issue before making a decision. Cherise understands the different issues our communities face and the decisions she makes affect all New Mexicans. I appreciate Cherise’s willingness to put her personal views aside and do what is best for all New Mexicans. I appreciate everything Cherise does in for her community and mine. From establishing a neighborhood association where her neighbors can come together to cleaning up drug paraphernalia in public places, keeping my family safe. We need more leaders who are able and willing to listen to those who do not shares our views. Please join my family and I in supporting Cherise Quezada as our next State Representative in House District 26.”

Former Representative Barreras served at our State House admirably and I am extremely honored she has endorsement our campaign . ~ Cherise Quezada
