House District 26

“ I’m excited to support Cherise because I know she is the leader we need to continue achieving progress in HD 26. ”

"I met Cherise through her participation in supporting our Westside communities. I was so impressed by her ideas and leadership that I asked her to manage the busy House Government, Elections and Indian Affairs Committee during regular and special sessions. We have many shared values, including environment, labor, education, economic development and health - all priorities issues of our families and communities in HD 26. I'm excited to support Cherise because I know she is the leader we need to continue achieving progress in HD 26." ~ Georgene Louis
